It is understood that the City of Elizabethtown has an Occupational License Fee on Net Profits from business conducted within the city. A minimum license fee must be paid and an annual return filed whether or not the business has shown a profit. It is also understood that the license fee must be withheld from earnings of the employees and remitted to the city quarterly. It is further understood that the City Finance Director has the right to withhold issuance of a business license or revoke a current business license should it come to his attention that the applicant's place of business is in violation of any of the requirements of the City Zoning and Subdivision Ordinance.
